### Part A: Informed Consent, Release Agreement, and Authorization

Full name:		High-adventure base participants:			
Date of birth:	Expedition/crew No.: or staff position:				
	of start position:				
Informed Consent, Release Agreement, and Authorization  I understand that participation in Scouting activities involves the risk of personal injury, including death, due to the physical, mental, and emotional challenges in the activities offered. Information about those activities may be obtained from the venue, activity coordinators, or your local council. I also understand that participation in these activities is entirely voluntary and requires participants to follow instructions and abide by all applicable rules and the standards of conduct.  In case of an emergency involving me or my child, I understand that efforts will be made to	authorize videotape Scouting coordinat with the	ereby assign and grant to the local council and the Boy Scouts of America, as well as the zed representatives, the right and permission to use and publish the photographs/film/ pes/electronic representations and/or sound recordings made of me or my child at all g activities, and I hereby release the Boy Scouts of America, the local council, the activity ators, and all employees, volunteers, related parties, or other organizations associated e activity from any and all liability from such use and publication. I further authorize the liction, sale, copyright, exhibit, broadcast, electronic storage, and/or distribution of said			
contact the individual listed as the emergency contact person by the medical provider and/or adult leader. In the event that this person cannot be reached, permission is hereby given to the medical provider selected by the adult leader in charge to secure proper treatment, including hospitalization, anesthesia, surgery, or injections of medication for me or my child. Medical providers are authorized to disclose protected health information to the adult in charge, camp medical staff, camp management, and/or any physician or health-care provider involved in providing medical care to the participant. Protected Health Information/Confidential Health	photogra at the dis any of the Every per of the pa	iction, sale, copyright, exhibit, broadcast, electronic storage, and/or distribution of said raphs/film/videotapes/electronic representations and/or sound recordings without limitati liscretion of the BSA, and I specifically waive any right to any compensation I may have for the foregoing.  **Person who furnishes any BB device to any minor, without the express or implied permission parent or legal guardian of the minor, is guilty of a misdemeanor. (California Penal Code in 19915[a]) My signature below on this form indicates my permission.			
Information (PHI/CHI) under the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. §§160.103, 164.501, etc. seq., as amended from time to time, includes examination findings, test results, and treatment provided for purposes of medical evaluation of the participant,		ermission for my child to use a BB device. (Note: Not all events will include BB devices.)			
follow-up and communication with the participant's parents or guardian, and/or determination of the participant's ability to continue in the program activities.	☐ Chec	ecking this box indicates you DO NOT want your child to use a BB device.			
(If applicable) I have carefully considered the risk involved and hereby give my informed consent for my child to participate in all activities offered in the program. I further authorize the sharing of the information on this form with any BSA volunteers or professionals who need to know of medical conditions that may require special consideration in conducting Scouting activities.  With appreciation of the dangers and risks associated with programs and activities, on my	NOTE: Due to the nature of programs and activities, the Boy Scouts of America and local councils cannot continually monitor compliance of program participants or any limitations imposed upon them by parents or medical providers. However, so that leaders can be as familiar as possible with any limitations, list any restrictions imposed on a child participant in connection with programs or activities below.				
own behalf and/or on behalf of my child, I hereby fully and completely release and waive any and all claims for personal injury, death, or loss that may arise against the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with any program or activity.	List part	rticipant restrictions, if any:			
I understand that, if any information I/we have provided is found to be inaccurate, it may limit and/Philmont Scout Ranch, Philmont Training Center, Northern Tier, Sea Base, or the Summit Bechtel Re and weight requirements and restrictions, and understand that the participant will not be all met. The participant has permission to engage in all high-adventure activities described, except as parent or guardian's signature is required.	eserve, I hav	ave also read and understand the supplemental risk advisories, including height participate in applicable high-adventure programs if those requirements are not

v. 1.4 revised 3/2011 Page 2 of 2

### Dear Parent:

I am writing to inform you about meningococcal disease, a potentially fatal bacterial infection commonly referred to as meningitis, and a new law in New York State. On July 22, 2003, the New York State Public Health Law (NYS PHL) was amended to include §2167 requiring overnight children's camps to distribute information about meningococcal disease and vaccination to the parents or guardians of all campers who attend camp for 7 or more nights. This law became effective on August 15, 2003.

Ten Mile River Scout Camps are required to maintain a record of the following for each camper:

- A response to receipt of meningococcal meningitis disease and vaccine information signed by the camper's parent or guardian; AND
- Information on the availability and cost of meningococcal meningitis vaccine (Menomune<sup>TM</sup>); AND EITHER
- A record of meningococcal meningitis immunization within the past 10 years; OR
- An acknowledgement of meningococcal meningitis disease risks and refusal of meningococcal meningitis immunization signed by the camper's parent or guardian.

Meningitis is rare. However, when it strikes, its flu-like symptoms make diagnosis difficult. If not treated early, meningitis can lead to swelling of the fluid surrounding the brain and spinal column as well as severe and permanent disabilities, such as hearing loss, brain damage, seizures, limb amputation and even death.

Cases of meningitis among teens and young adults 15 to 24 years of age have more than doubled since 1991. The disease strikes about 3,000 Americans each year and claims about 300 lives.

A vaccine is available that protects against four types of the bacteria that cause meningitis in the United States — types A, C, Y and W-135. These types account for nearly two thirds of meningitis cases among teens and young adults.

Information about the availability and cost of the vaccine can be obtained from your health care provider and by visiting the manufacturer's website at <a href="https://www.meningitisvaccine.com">www.meningitisvaccine.com</a>. Ten Mile River Scout Camps do not offer MENINGOCOCCAL IMMUNIZATION SERVICES.

For all Scouts attending camp for more than one week, Please complete the Meningococcal Vaccination Response Form on the reverse side. This form should remain attached to your child's medical form and be brought to the camp.

To learn more about meningitis and the vaccine, please feel free to contact Camping Services at 212-651-2955, visit <u>tenmileriver.org</u> and/or consult your child's physician. You can also find information about the disease at the New York State Department of Health website:

<u>WWW.HEALTH.STATE.NY.US</u>, and the website of the Center for Disease Control and Prevention (CDC): <u>WWW.CDC.GOV/NCIDOD/DBMD/DISEASEINFO</u>.

# MENINGOCOCCAL MENINGITIS VACCINATION RESPONSE FORM

New York State Public Health Law requires the operator of an overnight children's camp to maintain a completed response form for every camper who attends camp for seven (7) or more nights.

Check	cone box and sign below.						
	My child has had the meningococcal meningitis immunization (Menomune™) within the past 10 years. Date received:						
	[Note: The vaccine's protection lasts for approximately 3 to 5 years.]	years. Revaccination may be considered within 3-5					
	I have read, or have had explained to me, the information regarding meningococcal meningitis disease. I understand the risks of not receiving the vaccine. I have decided that my child will <a href="mailto:not">not</a> obtain immunization against meningococcal meningitis disease.
